

LAURA SIMONETTA & DANIEL PENFOLD

LAURA AND DANIEL TRANSFORMED HER PARENTS' PROPERTY INTO A RUSTIC WONDERLAND TO CELEBRATE THEIR ENGAGEMENT PARTY WITH FAMILY AND FRIENDS.

LAURA AND DANIEL'S upcoming wedding will be held at The Book Barn at Bendooley Estate and with that in mind, the theme for their engagement party was rustic bookish. "We chose this overarching theme because we like the casual, rustic style and it ties in with Laura's love of books," the couple explained.

Impressed with the marquee Laura's sister had used for her engagement party, the couple looked to the same company to pull off their event. "Pascal and his team were once again so amazing to work with," Laura remarked of Pillingers Hiring Service. "They managed to go beyond our expectations with what they were able to provide!"

Looking to achieve a relaxed cocktail party with different areas for guests to mingle around the bar and also have the option to sit inside, Pillingers helped the couple create an incredible space. "The carpeted foyer area was perfect for guests who preferred chatting around the bar tables," Laura noted. "The timber-style floorboards really added a sense of luxury to the space."

EAT, DRINK & BE MERRY

*"It was a night of love, laughter, food and wine!
There is nothing like celebrating life with those we love."*

Festoon and fairy lights added ambience inside the marquee while ranunculus and fringed tulips in burgundy, cream, pink and purple added fun pops of colour.

To furnish the space, Pillingers also supplied the tables, sandalwood chairs, bar tables and stools, linens and fairy lights as well as behind-the-scenes catering equipment. "They were so efficient in setting up and packing down the whole structure," praised the bride-to-be. Pascal's experience didn't miss a thing, "He even had a Plan B in case the weather wasn't in our favour, which really put my mind at ease!"
